Examination Rules

1. ABSENCE FROM AN EXAMINATION:

Any absence during an examination period must be covered by a Medical Certificate or acceptable written explanation (e.g. family emergency) from the parent/guardian in order for grades not to be affected. Notification of absences should be made through the Manager of School Operations. The Head of Learning Area/Teacher in Charge will be the final arbiter of valid extenuating circumstances in absences not covered by a medical certificate.

An absence from an exam not covered by a valid sickness/misadventure will result in a mark of zero.

Where possible, catch up exams will be held within the testing week for those students with a legitimate absence as described above.

2. LATENESS TO AN EXAMINATION:

A student will not be admitted to an examination any more than 20 minutes after it has started.
