School BYOD
2023 Evening**

Brief school BYOD history

- Changing technology landscape
(more jobs using computers)
- Started in 2015
- Focus on ICT literacy

Changing technology landscape in education

- Online testing
- More subjects have technology integrated

KSHS recommendations

- Wi-Fi 5Ghz
- 10" or larger screen size
- 8GB RAM
- 128GB HDD/SSD
- 5+ hours battery life
- Keyboard and optional Active pen

Portals, retail and second-hand computers

- Portals have select computers (Surface Pro 7+, 8, 9 and Go 3)
- Bundle cost differences
- Different price and warranty (portal vs retail)

Insurance and warranty

- Keyboard (type cover) may not be covered under insurance
- Surface and keyboard have different warranty periods
- Insurance from portal is not available through retail

Computer configuration

- Student should be a local administrator
- Ensure Windows is not running in S mode
- Install Windows Updates

Computer protection

- Physical: protective cases / bags
- Digital: anti-virus software
 - Free
 - Paid

Windows, MacOS, iPadOS, Android and ChromeOS

- Suitability
- Local vs cloud storage
- Application compatibility (for example: Office, NAPLAN)
- Office local and Office Online

KSHS vendors (in alphabetical order)

What ICT can help with

- Microsoft Office installs
- Connecting to the network
- Education software
- Cyber safety

What ICT can't help with

- Virus / malware removals
- Fixing hardware faults
- Data recovery
- Non-education software

Contact ICT Office

- Located in the Library
- Phone: 9293 6428 or 9293 6429
- Email:
Peter.Bazen@education.wa.edu.au

Frequently Asked Questions

- Do I have to use the Education version of Microsoft 365 (formerly Office 365)?
- No. If you have a paid subscription you can use this instead. If using a paid subscription, please check OneNote is included as OneNote is used in the school, but isn't included in some subscriptions.

Frequently Asked Questions

- How do I change the version of Microsoft 365 installed from a paid subscription to the Education version?
- The subscription version must be uninstalled first, then the Education version installed. This requirement is due to Microsoft 365 licensing.
