

President's Report – 19th November 2024

This is our last meeting for 2024. Thank you all for all the effort that has been put into the P&C this year.

A recap of what has been achieved this year:

- Had our first Sundowner Movie Night. This successfully raised enough money to purchase a new chest freezer for the canteen.
- Had a stall at the Kalamunda Show selling donated second-hand books. A lot of hours put in but a highly successful fundraising event.
- NBN installed to the canteen to provide a more reliable eftpos and pos facilities.
- The financial position of the canteen continues to improve.
- Health and Safety Policy implemented for the canteen.
- Winning a Healthway grant of \$5000 awarded to enable the implementation of our EAT! Project.
- Awarding \$500 prize for the 2024 Dux student.

We are nearing the end of the school year and a well-deserved break. There will be ongoing tasks being done in connection to the EAT! Project to enable it to be run successfully throughout 2025 with the first visible activity being the Year 7 parents information night. Stay tuned for call outs for assistance if you are available to help with any of the tasks required.

Wishing everyone a wonderful Christmas and New Year.

Andrea Doust - President
