

President's Report – 18th March 2025

Thank you all for attending this year's KSHS P&C AGM and General Meeting.

I wish to start by thanking our office bearers who have again done an amazing job this past year. Natalie who transitioned from the Treasures position to the Vice President role. During my six weeks absence in July and August she was wearing several different hats. Not only stepping up to the President's role as planned but also temporarily the Treasurers role due to Barry's unexpected retirement from the position. I think that she was very relieved when I returned to the President's role. Thank you to Iain who picked up the role of Treasurer part way through the year. Thank you also to Lucinda who has been a very able Secretary. Recognition also to our Executive members for their support throughout the year.

We have started this year with holding the first of our EAT! Events. This was held at the Yr7 Parent Information night on 27th February. We put together sample food from Japan, Indonesia and Italy for our new Yr 7 parents to try. Feedback was positive.

We look forward to our next event to be held on Harmony Day – 21st March. This time we will be highlighting Japanese foods for students to sample. The canteen will also be complementing this by having sushi on the menu. More exciting events to follow.

Also, on 27th February we were lucky to have some professional photos of the school and the EAT! Event done by WACSSO. Thank you, Natalie, for initiating this. The photographer was able to capture some wonderful images of our school. These included our new arts building, outdoor education students abseiling, students undertaking science experiments and music students practicing. Some wonderful photos that both the school and the P&C can use and a great promotion of KSHS when used by WACSSO.

The P&C page on the school website has also been updated. There is now a link from the Parents page making it easier for parents to locate the P&C information. The President's Reports are also now included on the P&C page and there is also a link to P&C events including EAT and the Kalamunda Show stall. Some new photos have also been added. Have a look. This information can be changed and added to as required.

Andrea Doust

KSHS P&C President
