

**President's Report – 28/10/2025**

The P&C is entering a new phase now that management of the canteen is no longer our responsibility. The running of the canteen was involved and many faceted. Many, many hours were put in by P&C members past and present to get the canteen to a position where it was running well. The canteen is a medium sized business and the work and hours involved was becoming untenable for the volunteer members of the P&C. We wish the new managers, Metro Canteens well.

I am looking forward to exploring new ideas and directions for the P&C. Other ways with which to support our students and school community and have more time and energy to put into established and new activities. Some existing activities are the EAT program, the bookstall at the Kalamunda Show and the Athletics Carnival sausage sizzle and providing the award for the Year 12 Dux.

We are in a good position financially, but it would be wonderful to get a few more parent volunteers joining the P&C and the fresh energy and ideas that this would bring.

Andrea Doust  
KSHS P&C President
